Our Work is Treatment and Treatment Works

Missouri Tax Credits

Your donation to Phoenix Programs may qualify for up to 55% of the donation amount as a tax credit on your Missouri tax return in addition to the federal charitable contribution tax deduction. The credit is transferable and can be carried forward for 10 years.

The Affordable Housing Assistance Program (AHAP) Tax Credits

The AHAP tax credit is offered by the Missouri Housing Development Commission to Missouri businesses and/or individuals as an incentive to contribute in affordable housing production. To receive the credit an eligible donor will make a donation to a non-profit organization that provides housing assistance activities.

Eligible Donors

- A corporation filing Missouri Form 1120
- A sole proprietorship
- A farm operation
- An individual claiming rent or royalties income
- A small business corporation
- A bank, credit institution, savings and loan association, credit union, farmer's cooperative credit association, or building and loan association
- An insurance company filing a Missouri Insurance Tax Return
- An individual in a partnership or shareholder in an S-Corporation
- A public or private foundation subject to Missouri tax

OUR MISSION & PURPOSE

Our mission is to reduce the adverse effects of alcohol and other drug addiction in our families and our community by providing treatment, support and educational services.

Our purpose is to restore dignity and respect to individuals who have experienced significant losses as a result of alcohol and/or other drug problems in order to return a productive and responsible person to the community.

OUR VISION FOR THE FUTURE

Phoenix Programs has a successful 30-year history of meeting our community's needs for education and treatment for people and families with addiction. We see Phoenix Programs continuing to grow as a dynamic resource. Bringing together all of our services and expert staff under one roof will enhance our ability to meet the challenging needs of our community.

Our vision requires a building to house all programs and administration together. The location and space will provide services, confidentiality and security every individual needs to confront and treat a disease that effects one out of every ten people. We must progress in order to meet the challenges of a growing population and the community's expanding need for our services.
