Our mission is to reduce the adverse effects of alcoholism and other drug addiction in our families and our community by providing treatment, support, and educational services.

Phoenix Programs Advantage

*a new perspective
on recovery*

Phoenix Programs, Inc. is a community-based agency that provides a continuum of evidence-based treatment services including:

Residential Services

The residential treatment program provides a safe environment for those individuals establishing a comprehensive support system. The therapeutic community helps residents learn how to manage long-term and complex problems.

Outpatient Programs

Individual, group, and family counseling services are tailored to meet individual needs and are offered to fit varying schedules.

Detoxification Services

We offer non-medical detoxification services with an optional extended stay (men only).

Family Support Services

Family services include individual counseling sessions for family members, combined sessions for individuals and family member to meet with a counselor, and specialized services for youth and young adults.

Freedom from Smoking

This tobacco cessation program is available to those who want to be free of tobacco. The program is offered as part of our treatment package. Research shows that quitting tobacco and other substances improves long-term treatment outcomes.
